**CCA membership** Your membership in the Corkery Community Association helps your community in many ways. The new play structure was brought to you from the hard work of the board members and the city staff. Canada Day celebration is free of charge to the community. With your membership you can come to the cardio/weight/exercise classes, book club and gardening club. The city provides some money but not enough to cover all the costs associated with the building and park. We therefore need to raise money on our own. The cost is \$25 dollars for a family membership and \$10 dollar for individual seniors aged 60 and over. You can pay the membership when joining any of the activities offered at the park. Membership forms are also available on the bulletin board inside the park building.
