Hockey Day

Hockey Day!!

We will be holding a Hockey day at the Corkery Community Centre on January 25th. Teams will compete against each other and it will be draft style. You will be put onto teams and have the opportunity to make new friends & get to know your neighbours better. You may make a friend request and we will try to get you on the same team. You may only request one friend because it's about having fun, getting to know your neighbours and making new friends. Your teams will be made in draft style to ensure that they are fair. Anyone age 13 or over may enter.

Treasurer

The Corkery Community Association is looking for a new treasurer. Accounting or book-keeping experience is preferred for the position. For more information about the position please see the [Corkery website](#).

Please contact president@corkerycommunity.ca if you are interested in learning more about this position.

Grass Cutting

We're looking for local companies to cut the grass at the Corkery Community Centre. The job is to cut our grass for money and that's what the bid's for.

Please contact president@corkerycommunity.ca if you would like to submit a bid for grass cutting for the 2020 season.

Did you know?!

Our newsletter is currently written as a school project by one of our community members, aged 10. A special thanks to her teachers at St Michael's Corkery who edit it for her, but let her keep her own voice!!

Corkery Community Book Club

The book club will be meeting on February 19th at 8:00 pm where they will be talking about "The Giver Of Stars" by Jojo Moyes. That's the book they're currently reading. They have so much fun getting to know each other and talking about the book. Book club is for people who like to read. For more information about book club, please see the [Facebook page](#).

Monthly Green Tip

Cut down on energy in your home is something you should do to save our planet. Start with just cutting down on one thing like turning off your lights when you're not in that room, cutting down on printing or plastic. Next, cut down on

something else. Just slowly cut down on energy use.
